

PK — Contemporary versatility. PK, designed by Sergio Bellin, is a collection of chairs with a striking yet simple styling, making them perfectly suitable for all decorative styles. The minimalist structure, with its characteristic tubular steel frame with incorporated armrests, is available in matt black or chrome finish. Thanks to its flexible mechanism, the seat back adapts to the user's various postures. The mesh back and seat make for guaranteed breathability. Available also with super comfort seat upholstered with a broad range of fabrics.

sitland

THE SIMPLICITY OF DESIGN

PK stands out for its minimal design that easily adapts to any type of space. The frame in steel tube, with elegant tapered, and arms integrated in the structure, is available in matt black, white light grey painted versions, chromed or painted aluminium for those who desire a classier product.

BREATHABLE AND COMFORTABLE

In the version with seat and back in mesh, PK ensures high breathability. The ultra-elastic mesh easily adapts to the use, ensuring a high level of comfort.

For improved comfort, the pad of PK seat is ergonomic, in flexible polyurethane, crushproof with "Comfort-Air" technology.

PK's back is ergonomic and tiltable thanks to the springs in harmonic steel. The back fits the user, thus reducing fatigue.

MANY NEEDS, ONE COLLECTION

PK's guest version on sled-frame is also available in the stackable version to respond to the needs of multi-use spaces, such as meeting rooms or classrooms.

PK is available in the guest version on sled-frame and meeting version. Different types of bases and casters offer the possibility to choose the most suitable version for your needs.

PCON.PLANNER

It is possible to configurate our model PK by using pCon.planner program for the design of 2D and 3D environment.

pCon.planner allows to design working solutions in a fast and intuitive way, creating "realistic" images with advanced features, with a considerable saving of time and resources.

It is easy to start using pCon.planner: after downloading the software in the proper page, it is possible to download pCon.catalog, the practical online catalogue of products ready to be set up according to anyone's need, and then include the products in the projects.

For more information on the use of pCon.planner and the access to the products of the SitLand's catalogues, please contact com@sitland.com

WARRANTY

PK has 5 years warranty. For any further detail, please contact Sitland's customer service at service@sitland.com

GREENGUARD CERTIFICATION

PK has achieved GREENGUARD Certification. GREENGUARD e GREENGUARD Gold are products' certifications released after accurate laboratory tests which assure a low level of chemical emissions of the GREENGUARD tested products in the inner environments. As a matter of fact.

in the inner environments, the air is 2 - 5 times more polluted than on the outside and the pollutants comes from products and materials that we use every day. Therefore, the quality of air in the inner spaces is an important issue when people pass the most part of their time in inner environments.

The products certified GREENGUARD ensure a low level of chemical emissions, therefore a better quality of air in those places where they are used. Those chairs which obtained the GREENGUARD Gold certification grant the total absence of chemical emissions, then they are the safest choice for public spaces like schools and healthcare setting. The products certified GREENGUARD contribute to create Leed buildings.

For more information on GREENGUARD, visit the official web site ul.com/gg.

MORE INFORMATION

Sitland spa reserves the right to make modifications and improvements of a technical or aesthetic nature to the products at any time without notice.
